

SEED & SUPPLIES FOR NORTHERN CALIFORNIA

AQUA WISE™ SPORTSCLUB 90/10 TALL/ BLUE *8-10 lbs/1,000 sf or 275-350 lbs/acre*

- 30% 2nd Millennium Tall Fescue
- 30% Aquavita Tall Fescue
- 30% Rhambler Tall Fescue
- 5% Ridgeway Kentucky Bluegrass
- 5% Water Works Kentucky Bluegrass

This combination of hardy Tall fescues and self-knitting Kentucky bluegrass can maintain the hardest working athletic fields, especially where opportunities for overseeding exist. Also preferred by homeowners who actively use their lawns.

AQUA WISE™ PACIFIC 4-SEASONS 70/30 MIX *8-10 lbs/1,000 sf or 350-435 lbs/acre.*

- 35% Rhambler Tall Fescue
- 35% 2nd Millennium Tall Fescue
- 15% PR2190 Perennial Ryegrass
- 15% PR2105 Perennial Ryegrass

Offers virtues of the turf-type fescues with varieties of perennial ryegrass selected for their drought tolerance. With slightly higher maintenance, this mix can also provide a dense, uniform drought-tolerant sports turf surface all year round.

AQUA WISE™ SPORTSCLUB 80/20 RYE/ BLUE *6-8 lbs/1,000 sf or 275-350 lbs/acre*

- 27% Manhattan 5 GLR Perennial Ryegrass
- 27% PR2190 Perennial Ryegrass
- 26% PR2105 Perennial Ryegrass
- 10% Ridgeway Kentucky Bluegrass
- 10% Water Works Kentucky Bluegrass

This combination of fast-growing TWCA approved, drought tolerant perennial ryegrass and self-knitting Kentucky bluegrass can maintain the hardest working athletic fields, especially where opportunities for overseeding exist.

AQUA WISE™ PACIFIC SHADE *6 lbs per 1,000 sq. ft. or 260 lbs/acre*

- 10% Ridgeline Kentucky Bluegrass
- 10% Water Works Kentucky Bluegrass
- 25% Razor Red Creeping Red Fescue
- 30% Manhattan 5 GLR Perennial Ryegrass
- 25% Survivor Chewings Fescue

Our reformulated drought tolerant shade mix creates a thick, green lawn in shady areas, while saving 30% of water usage.

SEED & SUPPLIES FOR NORTHERN CALIFORNIA

AQUA WISE™ NON MOW FINE FESCUE MIX *6 lbs per 1,000 sq. ft. or 260 lbs/acre*

33.4% Razor Red Creeping Red Fescue

33.3% Survivor Chewings Fescue

33.3% Predator Hard Fescue

“Non-Mow” Fine Fescue is now part of our Aqua Wise™ program. This mix is composed of 100% TWCA approved varieties and should help reduce water use, while still providing for a fine meadow like appearance.
